

Alaska Local and Regional Information

Workforce Info

Manley Hot Springs

Manley Hot Springs is an unincorporated CDP located about 5 miles north of the Tanana River on Hot Springs Slough at the end of the Elliott Highway. It is about 160 road miles west of Fairbanks. Manley Hot Springs is part of the Yukon-Koyukuk Census Area.

- ♦ The estimated population for 2008 was 77, a gain of about 5 since the 2000 Census.
- ♦ About 56 percent of the resident population 16+ years old worked in 2008.
- ♦ Local Government was the main industry in 2008, employing 45 percent of the area's workers.
- ♦ More workers were employed as Construction Laborers than any other occupation.

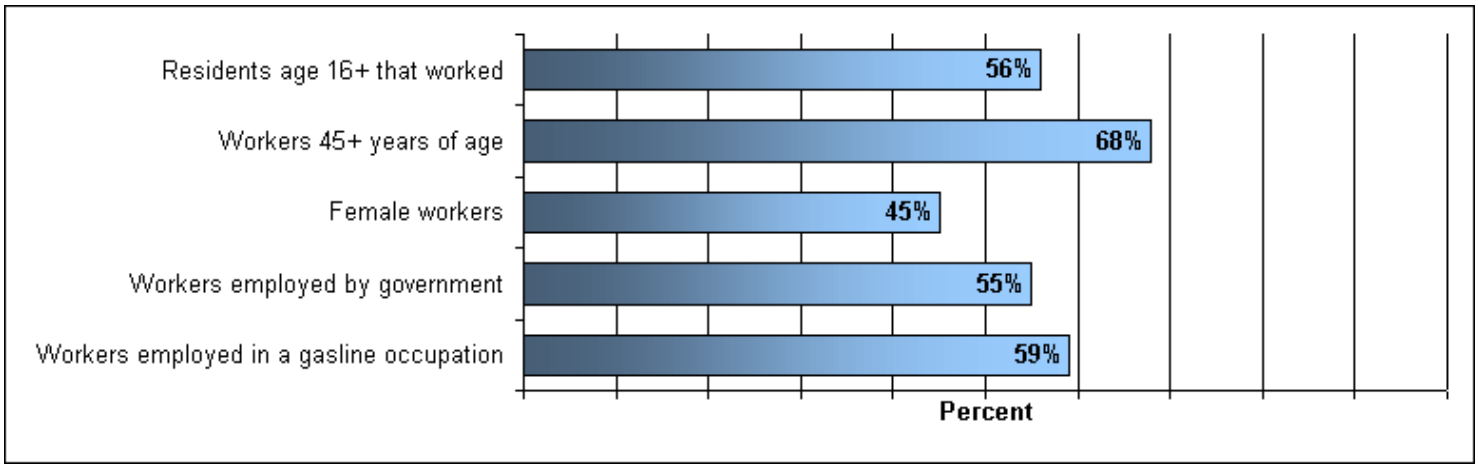

Please note: There is an important distinction between the local/regional employment data and our "standard" employment series. Most of these data reflect totals for area residents only. Total worker counts may be lower than expected in areas with a large number of nonresident workers. The Alaska Permanent Fund dividend file is used to determine the worker's geographic residence. Only Alaska residents (as defined by PFD application) are included in these totals. Also note that federal employees, the military, and the self-employed are not included in these data.

Manley Hot Springs Resident Snapshot (2008)

Working Age Residents		Wages	
Residents age 16+	78	Total wages	\$1,104,492
Resident Worker Characteristics		Resident Workers by Sector	
Total	44	Private	20
